COURSEWORK

UNDERGRADUATE

Cloud Computing, Kubernetes,
CI/CD, Jenkins, Docker, Python
3, Serverless, Machine learning,
Oracle Cloud, Azure, GCP,
Problem Solving, Chrome
Extension

SKILLS

PROGRAMMING

Over 5000 lines:

- Python3 • Javascript • C • C++
- Java •HTML5 •NodeJS
- MongoDB

Over 1000 lines:

- CSS • PHP • Android • MySQL

Qwiklabs:

https://www.qwiklabs.com/public_profiles/b036fbb6-3cd5-4bc5-9806-4e112bb95a7f

EXPERIENCE

Microsoft Certified Trainer

August 2020 - Present

Microsoft Student Learn Ambassador

Dec 2021 - Present

Love to Host Seminar, Events and
Hackathon

Microsoft Student Partner

2020

CLOUD CONUSELAGE | TECHNICAL INTERN March 2020 –

July 2020

PROJECT

FAKE NEWS DETECTION EXTENSION

Created a chrome extension which accepts news as an input and predict whether the given news is fake or not

SKIN DISEASE ANALYSIS

Created a serverless web app which accept an skin image as an input and predict whether the skin has any skin disease or not

LOCAL CONNECT

It connects people during internet downtime or any crisis. It creates a local web server and all the people who are connected to this network can access this web application

IMAGE ALTERATION DETECTOR

We present a machine learning model capable of evaluating whether the image being used has been tampered or not.

TRAVEL INDIA

Travel India is a website that gives tourism information about INDIA.

PORTFOLIO

CERTIFICATION

2021 Oracle Application Express 18: Developer Certified Professional

2020 Certified Oracle Cloud Infrastructure

2020 Certified Oracle Cloud Autonomous Database Specialist

2020 Certified Oracle Cloud Architect

2020 Docker Essentials: A Developer Introduction

2020 Python for Data Science

2021 Microsoft Certified: Azure AI Engineer Associate

2021 Microsoft Certified: Azure Data Scientist Associate

2020 Microsoft Certified Trainer

2020 Microsoft Certified: Azure Administrative associate

2020 Certified Microsoft Innovator Educator

2020 Azure Fundamentals

COMPETITION

2020	3rd/76	Hackstomp - Hackathon: Won 3rd prize in "Hackstomp" National level Hackathon held at Universal College of Engineering
2019	2nd/120	C-Debugging - Competition: Won 2nd prize in "C-Debugging" competition held in Megaleio-2020 at St. John College of Engineering and Management
2019	2nd/120	Code Auction - Competition : Won 2nd prize in "Code Auction" competition held in Megaleio-2020 at St. John College of Engineering and Management
2020	finalist/1800+	Innovate for Assam Hackathon
2020	finalist/1200+	Hack The Mountain Hackathon
2020	6/600+	6th Rank in national level "Online Python Coding Challenge" organized by MHM
2020	finalist/600+	Consolation Prize won in national level "5 Days Online Python Coding Challenge" organized by MHM
2020	finalist/200+	Finalist of "KubixSquare Lockdown Contest" organized by KubixSquare
2020	11/560+	Reva Hack Hackathon
2021	NA/70+	Participated in Megahack2.0 Hackathon
2021	NA/1000+	Participated in Hack The Mountain 2.0 Hackathon

Extra Activities

Megahack 2.0 - Hackathon

Technical Head of Megahack2.0 National level Hackathon

CSI - Computer Society of India

Core member of CSI community. Position: Technical Member

Speaker/Organiser 2 Day Workshop on Serverless Computing

Received appreciation letter from "St. John College of Engineering" for being speaker and organiser of "Workshop on Serverless Computing" in Association with ASSET Community.

Machine Learning Seminar

Received appreciation letter from "Vidyavardhini College of Engineering and Technology" for organising Seminar on "Machine Learning".

Def Hack | Global 2.0 - Mentor

Mentor of Def Hacks Global 2.0 Hackathon

Serverless Cloud Computing Webinar - Speaker

Received appreciation letter from "Career Dreams Education" for being speaker Speaker of "Serverless Cloud Computing".
